

TECHNICAL SHEET

LAUNDRY MANAGEMENT LINE

Wrapping self-opening laundry bags

MOD. SAXXX / SACXXX

Bags white with colored strips
Mod. SAXXX

Colored bags with colored strips
Mod. SAXXX

Description	<p>Self-opening laundry bags for soiled linen.</p> <p>The range of wrapping bags combined with the range of collection trolleys, makes the operators' work easier, rationalizes linen management and washing cycles planning</p>
Use	<p>The wrapping bag is used for collection and sorting directly at the patients' beds.</p> <p>The operator ceases direct manipulation of soiled or contaminated linen, because the bags are taken from the collection trolleys and directly put inside the washing machine without any further manipulation.</p> <p>In this way, the operators are kept safe from contamination and injuries.</p> <p>The full bags are placed directly in the wash machine and are themselves cleaned at the same time as the soiled linen.</p> <p>The bags are available in various colors so that soiled linen can be placed, by size, in designed bags, thus simplifying ironing process.</p>
